

THE NEW COSMIC CONSCIOUSNESS OF THE ALCHEMY WITHIN US

'Awakening the Soul Family'

Our next Grail meeting in Glastonbury promises to be profound, powerful and unquestionably 'memorable'.

There will be a transmission, which will come from the conscious centre of our galaxy. I will explain to you, what is sometimes referred to as a black hole, is actually much more, it is a consciousness through which divine loving guidance can be transmitted.

We are in a time of great change in both the inner and outer worlds. Our work is about developing our relationship with the earth's consciousness - body, mind & soul. Aligning to this new energy and bringing it into our lives helps us to become more balanced & have clear contact with our spiritual wisdom and guidance that's within our souls. This involves working with sacred geometry that links us deeply with the essence of nature, the Alchemist within and Universal Soul Guidance.

Manifesting this transmission as sounds you will hear, is another major step in the divine shift of consciousness, which helps deepen our connection to the soul family on earth and all of creation. It unites us with all of the experiences that we carry within and awakens our connection to the soul family that we are all part of. It will open your heart to new experiences, showing how you can not only use them for yourself, but share as part of helping the present and our future. There is a magical world within everybody and the more we use it, the more it grows inside. What opens within us is also service to others.

You will be shown techniques to develop, so the connection within opens to a higher level of awareness, bringing understanding, healing & unconditional love, *which may also include use of the manifested sounds.*

This will also become an integral part of our continuing work & for those who are interested; we are developing a way that will teach you how to work at a much higher level with others.

Venue: Avalon Constitutional Club (Upstairs)

50 High St.

Glastonbury

BA6 9DX

Date: Saturday 10th October 2020

Time: 10:30 - 5:30
