

The sounds of the future.

A workshop with Tareth

Date 1 July 2017 1030 -5.30

Venue. Red Brick Building. Morland Enterprise Park, Morland Road, Glastonbury BA6 9FT.

I am now in my seventieth year and have completed a program of manifesting sounds from sacred places that carry beautiful gifts for this time of transition. I want to share with you what they are and what the next steps are.

Tareth has the ability to manifest spiritual energy including perfumed oil and the sounds of the divine love of the Source. In this workshop he will tell the full story of this mission and its meaning.

The subjects covered will include:-

[The meaning of Our Time](#)

How did we arrive at where we are now? The present process of the Earth and all her life. To hear the song of the Earth and embrace the great opportunities of our time

[The crystalline grid and ley lines.](#)

A doorway to a new consciousness. He will play some of the sounds that carry the awakening codes and teach practices to really find this gift within you. Through the manifested sounds of the Earth, Sun and Planets, learn to deepen your relationship with nature and the Source.

[New Story for our time – creating better future](#)

This is a story of creation and the gifts given to us through teachers of the Source that help us in understanding our place on Earth now how we can take the opportunities offered in this time of awakening. This is a celebration the story of creation and the end of doctrines of separation. If we choose, it can be the most transforming experience of our life.

[Come into the light](#)

Tareth will speak about and work with the transmissions from Light beings that he has manifested from Avebury, Giza and Glastonbury. How we can connect with the wisdom that is timeless and how each of us can manifest this light and that every contribution we make matters, for now and the future.

He will use these sounds with practices to let you experience for yourself the Soul community that is within us and around us

Cost £50. Concessions are available. tarethlight@gmail.com 01458 833929
