

**THE PATH OF THE INNER ALCHEMIST –
CO-CREATION WITH THE SPIRITS OF NATURE -**

In our work we recognize our earthly life as vital to restoring harmony and balance across the planet, individually and collectively. We celebrate a spiritual dimension and interconnection between all life on Earth. We honor the nature of earth as a power within us ; the elements, plants, trees, flowers, animals, birds, insects, rocks, crystals, waters,.... They all have their own songs and are a direct line to source energy. When we find the song within us that resonates with the song of earth, our heart is open and our mind is clear as we resonate with the sounds of creation.

To expand our mind and heart as spiritual beings, we will work with the sun and moon as conscious parts of our soul family. We have some unique sounds manifested of the sun, moon and earth to help you empower your inner fire to create and to enable you to work with the cycles of time and the cycles of nature within you.

Tareth will give you tools how to co-create and heal with nature's wisdom by strengthening your connection with the essence and teachings that comes from nature and guide you how to develop and use them in your daily life. These techniques have a positive effect on peace of mind and bodily health.

Everyone has the ability to be an alchemist of life. To bring this healing loving energy into being wherever you are and in whatever you do is a beautiful loving act of service to yourself and the world around you.
